INDIVIDUAL IMPRESSION

04 ■ CUSTOM TRAY

brePRINT custom tray 3D printing material allows impressions to be tailored to the patient's specific oral situation - for maximum precision and palpably greater patient satisfaction.

In addition, the TPO-free formula with an alternative polymeric photoinitiator helps improve the dental working environment and make it more conducive to good health - a step towards greater safety and a sustainable working environment.

Scan the QR code for the correct print parameters.
